To Whom It May Concern,

This is to acknowledge the work of Mr. Joyanta Dey. Mr Dey has proven himself to be a skilled member of the Mayor Mohammad Hanif Flyover Toll System Installation and commission team.

Mr. Joyanta Dey has shown particular competence in all IT related matters of the Toll System, ranging from lane PC configuration to Server set up and maintenance as well as all network related matters of the project. In addition he has also been required to manage and configure all related peripheral IP systems such as Voice over IP, CCTV over IP and Laser Scanning equipment.

Over the last year Mr. Dey has become a key team member and has shown he can work independently with confidence and can be relied upon to execute his duties with minimal supervision.

Richard Crossley
GEA Project Manager – International Projects
